# Ergomed ES Features

## RECARO Ergonomics:

Each RECARO seat is designed to support the natural S curve of the spine. The human body isn't designed for long periods of sitting. RECARO seats are designed to align the spinal cord in its most natural and healthy position.

## Power Airmatic Lumbar System:

Two independently power adjustable air chambers make up the Airmatic Lumbar System. Adjust the lumbar to meet your comfort needs.

## Power Climate Package:

Includes both heat and cooling systems. The heated seat and backrest will keep you warm in the winter and the ventilation system will keep you cool in the summer.

## Power Adjustable Back and Thigh Bolsters:

The power adjustable thigh and back bolsters can be set to perfectly hug your body

## Power Seat Height Adjustment:

The fully articulating power height adjustment allows both the angle and height of the seat to adjust.

## Thigh Extension:

Thigh extension manually adjusts the length of the seat cushion.

## Power Seat Back Adjustment:

Power backrest adjusts forward and backward for proper driver positioning.

## Dual Manual Seat Back Release:

Moves the backrest forward for easy access to the rear seat compartment.

## Adjustable Head Rest:

The headrest of the seat can be adjusted up, down as well as tilting forward to comfortably support your head and neck.
