

RECARO

RECARO Pro RACER HANS SPG / SPA / XL

FIA approved and ready for racing

Designed in cooperation with the manufacturers of the HANS Device, the RECARO Pro RACER HANS is coveted by professional racers for its comfort and track proven safety. A leader in motorsport seating technology RECARO developed the first racing shell with Side Impact Protection in 1996. We have led the industry in racing shell technology since. The RECARO Pro RACER HANS meets the rigorous demands of professional racing, for drivers who push their cars to the limit. The unique proprietary RECARO ergonomically correct S shaped backrest delivers on safety and comfort. The RECARO Pro RACER HANS is designed for extreme driving and is able to withstand the hardest of loads.
