RECARO Specialist S

RECARO Ergonomics:

Each RECARO seat is designed to support the natural S curve of the spine. The human body isn't designed for long periods of sitting. RECARO seats are designed to align the spinal cord in its most natural and healthy position.

Integrated Lumbar System:

A pre-formed curved backrest offers superior lumbar support. The Specialist will feel as good to sit in as it looks.

Low Profile Back and Thigh Bolsters:

Driving in a RECARO seat isn't all about correct sitting, it's about performance too. The mildly pronounced back and thigh bolsters will hold you in place while driving but maintain a luxury feel of the seat.

Slim Seat Cushion Bolsters:

Mild thigh bolsters gives the support needed for aggressive driving without hindering easy vehicle entry.

Manual Seat Adjustment:

Manually adjustable forward and rearward seat adjustment. Right and left side manual seat back releases.

Adjustable Head Rest:

The headrest of the seat can be adjusted up, down as well as tilting forward to comfortably support your head and neck.

Dual Manual Seat Back Release:

Moves the backrest forward for easy access to the rear seat compartment.

Specialist M Model:

The Specialist is also available in the M model. The Specialist M model includes each of the premium features offered on the Specialist S. However the seat cushion on the Specialist M is also equipped with thigh extension and a flat seat cushion.
